

## INDIAN GROCERY SPECIALIST

Merchant Exports and consolidation of multiple branded, non-branded & customized Grocery & Household Items in one container

## ABOUT US

---

In depth knowledge in the field of exports and an inner urge to excel in whatever we do, were the building blocks with the help of which Mr. Pradip Mehta laid the foundation of M/s. EXIMTRAC in the year 1997.

We are located in the heart of the ever bustling city of Mumbai, doing exports of products sourced from the length and breadth of the Indian sub-continent to provide for the growing demands of quality Indian products.

At EximTrac, once a job is given, consider it done. Our confidence stems from the fact that we provide personalized attention to all our shipments & consignments. All our customers become our family and therefore their concerns become our primary tasks. The second generation leadership even recalls stories of how their father often brought customers home and introduced them as friends and relatives and not as clients. It is this affection and friendship with all our clients that puts their faith in us. It also inspires us to ensure seamless trade and tension free environment for them; by way of providing them with excellent service even if it requires to go that extra mile.

Over the years we have continuously customized and expanded our export product portfolio as per the needs of our customers. They have asked and we have supplied. The tradition continues even today as we constantly strive to attend to all our customers' import needs.

**We specialize in providing multiple products from multiple brands under one roof, ideal for a supermarket. All products are quality checked and labeled according to the needs of the customer.** We are a young team and we believe in complete customer satisfaction.

An indicative list of few of the brands and products in which we deal follows in the ensuing pages.

## OUR SPECIALITY

---

### **Quick Quotes**

Once we receive an enquiry, we act on it immediately with a turnaround time of only 48 hours. We quote Quick, We quote Best.

### **200+Brands – Direct Product Sourcing**

A strong supplier chain and direct product sourcing from 200+ brands in our bucket, plus we keep adding new brands in our bucket almost every month. Years of our existence has equipped us with the advantage of working with many brands and multiple suppliers.

### **Customized Packaging**

We understand different geographies require different packaging sizes and quality. Your specific packaging needs, your labels, your branding is all taken care of by Eximtrac.

### **Flexible Pricing**

We offer our customers with multiple pricing options be it Freight on Board (FOB), Cost and Freight (CNF) or Cost Insurance and Freight (CIF) as per their suitability.

### **Consultancy Services**

We help our customers to fine tune their products to make them sell better. Different geographies and industries face different challenges and we help our customers to overcome those challenges from the supply side.

### **Experience in Market Trends**

Our market knowledge accumulated over the years is made available so that our clients can take right decisions on brands, size, packaging and products that work in their geographies
